

Place Exchange EMEA Media Kit

Overview

Drive results in the physical world.

From highways to elevators, malls to airports, subways to taxis, and arenas to street corners, the vast and growing scale of digital media in the physical world presents enormous opportunities for brands. OOH offers massive reach and high-impact experiences woven into consumers' daily journeys between home, work, shopping, and entertainment.

All without the fraud, viewability, and brand safety issues that have plagued other media. But it could never be bought truly programmatically, until now.

Real programmatic out of home.

Place Exchange unifies execution, reporting, and attribution for OOH with other programmatic channels for the first time – all with unmatched scale, full transparency, and built-in brand safety.

Simple & Transparent Execution

- Open auction RTB and private deal buying
- Support for standard IAB creatives and custom OOH creatives
- No arbitrage or hidden fees
- Fully transparent media, with no bundling

True Omni-Channel Integration

- Unified workflows with online and mobile campaigns
- Single point of management for budgets across OOH and other media
- Third-party ad tag tracking support

Focus on Performance and Results

- Log-level impression data for planning, optimization, and analytics
- Unified device-level attribution with other channels (*coming soon*)
- Ability to drive and measure impact at every stage of the funnel

Supply & Demand Integrations

Place Exchange provides access to the vast majority of premium OOH supply, with coverage of across Europe's largest markets, across all major formats.

Place Exchange
has direct

Images are for illustrative purposes only

Targeting

Reach your desired audience in meaningful ways through a variety of targeting capabilities

Place Exchange Targeting Capabilities

A circular graphic with a blue tint. The background image shows a crowd of people, with the word "Audience" overlaid in white text.

Audience

A circular graphic with a blue tint. The background image shows a city street with tall buildings and a pedestrian crossing, with the word "Location" overlaid in white text.

Location

A circular graphic with an orange tint. The background image shows a retail store interior with shelves of products, with the words "Physical Context" overlaid in white text.

Physical
Context

Audience

The power of OOH lies in its ability to reach groups of highly desirable consumers at the same time. Place Exchange can match first and third party audiences to locations, delivering ads to the places those audiences index highest.

Audience Data (not exhaustive)

- Demographics
- Psychographics
- Lifestyles
- Digital Behaviors
- In-market and purchase behaviors

Location

Target geographies with precision across a wide variety of physical contexts.

Location Options

- Points of Interest (POI)
- Custom Geofences
- Zip Codes
- Cities / DMAs
- States

Physical Context: Surroundings

Ensure brand relevance to real-world surroundings by targeting distinct areas with a high concentration of desired audiences.

Example Contexts (not exhaustive)

- Shopping centers
- Business districts
- Nightlife destinations
- Public parks
- Sporting arenas

Physical Context: Venues

Target audiences based on the space in which the display is located, reaching consumers in specific environments that matter to your brand.

Example Venues (not exhaustive)

- Grocery Stores
- Gyms
- Subway Platforms
- Bars

Optimization & Measurement

Utilize device-level data to drive campaign optimization and power digital attribution, all in exactly the same way as for other programmatic channels

OOH Campaign Optimization

Place Exchange's proprietary integration with omnichannel DSPs enables buyers to optimize campaigns mid-flight.

Optimization Levers examples:

- Publisher / Network
- Screen / Venue
- Creative
- Location
- Time of day

Optimization can drive to any pixel-able event:

- Site/app page visits
- Digital conversions (CPA/CPL)
- Shopping cart value
- ...And more

Measurement - (coming soon)

Place Exchange's patented IP captures and passes mobile device IDs on individual impressions, allowing marketers to perform digital attribution and decisively measure impact.

Metrics supported:

- Cost per Page Visit
- Cost per Conversion
- ROI / ROAS
- Baseline or incrementality/lift

Place Exchange enables the native digital attribution process within DSPs and can also export log-level impression data, including device IDs, for use with other measurement & analytics platforms.

Place Exchange can also enable upper funnel branding and engagement metrics, including brand awareness and affinity, purchase intent, tune-in, and foot traffic, and more.

Unlock the real power of OOH.
