

Place Exchange Global Media Kit

Overview

Drive results in the physical world.

From highways to elevators, malls to airports, subways to taxis, and arenas to street corners, the vast and growing scale of digital media in the physical world presents enormous opportunities for brands. OOH offers massive reach and high-impact experiences woven into consumers' daily journeys between home, work, shopping, and entertainment.

All without the fraud, viewability, and brand safety issues that have plagued other media. But it could never be bought truly programmatically, until now.

Real programmatic out of home.

Place Exchange unifies execution, reporting, and attribution for OOH with other programmatic channels for the first time – all with unmatched scale, full transparency, and built-in brand safety.

Simple & Transparent Execution

- Open auction RTB and private deal buying
- Support for standard IAB creatives and custom OOH creatives
- No arbitrage or hidden fees
- Fully transparent media, with no bundling

True Omni-Channel Integration

- Unified workflows with online and mobile campaigns
- Single point of management for budgets across OOH and other media
- Third-party ad tag tracking support

Focus on Performance and Results

- Log-level impression data for planning, optimization, and analytics
- Unified device-level attribution with other channels
- Ability to drive and measure impact at every stage of the funnel

Supply & Demand Integrations

Place Exchange provides access to the vast majority of premium OOH supply, with coverage in the U.S., Canada, LATAM, and EMEA across all major formats.

Optimization & Measurement

Utilize device-level data to drive campaign optimization and power digital attribution, all in exactly the same way as for other programmatic channels

OOH Campaign Optimization

Place Exchange's proprietary integration with omnichannel DSPs enables buyers to optimize campaigns mid-flight.

Optimization Levers examples:

- Publisher / Network
- Screen / Venue
- Creative
- Location
- Time of day

Optimization can drive to any pixel-able event:

- Site/app page visits
- Digital conversions (CPA/CPL)
- Shopping cart value
- ...And more

Measurement

Place Exchange's patented IP captures and passes mobile device IDs on individual impressions, allowing marketers to perform digital attribution and decisively measure impact.

Metrics supported:

- Cost per Page Visit
- Cost per Conversion
- ROI / ROAS
- Baseline or incrementality/lift

Place Exchange enables the native digital attribution process within DSPs and can also export log-level impression data, including device IDs, for use with other measurement & analytics platforms.

Place Exchange can also enable upper funnel branding and engagement metrics, including brand awareness and affinity, purchase intent, tune-in, and foot traffic, and more.

PerView™ Reach & Frequency Measurement

Place Exchange's proprietary PerView™ solutions, developed in line with the [OAAA OOH Impression Measurement Guidelines](#), offer the ability to measure reach, frequency, and impressions for any media plan or OOH network.

- Deduplicated reach, frequency, and impression measurement across all OOH publishers, venues, and asset types — including digital and static, outdoor and indoor, stationary and moving
- Aggregate population and segment-specific reach, frequency, and impression measurement
- National and DMA-level reach, frequency, and impression measurement
- Support for pre-campaign (planning), mid-campaign (optimization), and post-campaign (validation) use cases

Unlock the real power of OOH.
